New Horizons Golf Club
Crazy Golf Tournament Result 4-8-2017

The New Horizons Golf Club held its semi-annual Crazy Golf Tournament Saturday, April 8th. Even with the benefit of four mulligans apiece, the frustration was palatable. There was a lot of head-shaking, but also a lot of smiles to go around, too. And afterwards, there was the pleasure of sitting around with friends, enjoying ice cold beer and delicious chicken enchiladas. Thanks to all who set up the crazy course: Tom, Larry, Rich, Saburo, et al. Taking it down isn't all that easy either. So thanks again, and to all the people who helped to serve lunch. See you all for the next tournament, and for the final Crazy one later in the summer.

ARTICLE FROM INSURANCE CHAIR

It's important to have your dryer vent thoroughly cleaned on a regular basis. The lint builds up in the vent and when it reaches "critical mass" it can catch fire due to dryer heat. A good clue is if your clothes take an unusually long time to dry or the outside or top of your dryer feels hot- then it is time to take action. Our CC&R's tell us on page 18 that we as residents are responsible for our appliances including the dryer vents. If you are a renter, please discuss this with the owner of your unit.

In our Newsletter we advertise vendors who are familiar with this problem, or you may call a service man of your choice.
Thank you,
Joanie Jones Insurance Chairman

WORK ORDERS

We will no longer be mailing a copy of your work order to you. The Mail-to section will be deleted off the form.
If you have a question with regard to a work order that has bee submitted, please contact the office. By informing the office of your name and unit number, we can look up and discuss any information we might have regarding the status. If no information is available, we will either find out the information or provide you with how to obtain the information you're looking for.

SAFETY ALERT!

It's that time of year again…the weather is nice after a long winter of being closed in; we all want to let the warmth in. However, leaving windows and sliders open invites intruders. I'm sorry to report that one of our residents was broken into and robbed during the night and the culprit came in using an open slider door.

So, for safety sake, PLEASE keep windows, sliders and doors closed and locked especially at night and be vigilant during the day or you could be next!

KIDS ON BIKES!

Two teenage boys were recently seen riding their bikes on the golf course grounds near hole #3. They were scared away before doing any damage. It really isn't safe to confront them yourself, but calling the police is certainly something we all can do.

If you see this sort of behavior, please call the Torrance Police Department at 310-618-5529 and report the activity so they can dispatch a car to the site and/or arrest them. They are trespassing.

HORRAY FOR THE PAINTERS!

I would like to give a BIG thank you to the painters for all of the great work they are doing for NH. There are only 3 painters but they are painting like we have six.
Thank you, Juan, Miguel and Jorge.

They finished Area 5 and moved into a new area. Bldg. 523 was finished in record time of less than 3 weeks and Bldg 524 was done in an amazing 5 days. Our paint leadman, Juan is working with Jaime in Maintenance so they get the buildings ready at least a week in advance of the painters. My committee believes it is better to be proactive this way so we move along better and faster.

A huge thank you to Juan for supervising the work and working with Tony and myself to keep us informed of what is needed to do the job right.
I appreciate all our workers and the hard work they do to keep NH looking so beautiful for the residents.
